Hello Mike, Charlie and Jeff. I am sending a copy of this to Liz and Ray to keep them in the loop. The file attached was the first and only look ahead schedule we received around the end of January. It made some assumptions on permits and other dates. Now that they have gotten their permits, are we going to get an updated look ahead schedule? The interest of the region is to be able to communicate to all staff on a weekly basis on what will happen on a particular week and have it on the intranet web site. Please let us know if we will be getting this on a regular basis. Thanks!
